collection*

Excellent craftsmanship creates timeless works of art that are durable. We at Raymond UCO create masterpieces that can last through the ages. Durable denim fabric that never fades with time. Inspires...every time!

Denim is black! Denim is blue! This is proved to be untrue.

We at Raymond UCO are inspired by nature. Olive grape from a Tuscan hillside, coral charcoal from the coastline and slate amber from a quarry are just the tip of the iceberg. We fabricate an exciting range of colored denims with the help of our yarn dyeing process.

Don't limit your imagination!

Tuscan Hillside

Olive, Grape

Serious about Cereals

Sky, Corn, Shadow

Coral Coastline

Coral, Charcoal

From the Quarry

Slate, Amber
